

LUNDIN LINKS LADIES GOLF CLUB FUNDING AUG 2020

East Fife Sports Council is delighted to support Lundin Links Ladies Golf Club with funding. The club is very happy to offer junior coaching sessions every Tuesday throughout the season to teach the rudiments of golf and to get young people to a standard where they can gain a playing handicap. There are currently members in the under 12s who have handicaps of 22 to 35 and the club hopes to see many more reach this standard in the future. The committee were delighted to receive this funding to help purchase junior golf sets to offer opportunities to youngsters from 5 years old up to have a go at playing golf, when they do not have their own equipment. The EFSC committee wish the club all the best in its plans to encourage and provide more golf to juniors.
