

### **PITTENWEEM TENNIS CLUB FUNDING MAY 2021**

East Fife Sports Council is delighted to support Pittenweem Tennis Club with funding. The club has been busy fundraising through lockdown to build a new fully accessible clubhouse. It is intended to get back to providing taster sessions across primary schools in the area and being able to co-host an annual schools' tournament as soon as possible, and the club also hopes to offer facilities or free coaching to families in the area who may not be able to afford this. The C-19 Emergency grant will help the club do this and get back on its feet and to tennis. A Development grant has also been awarded to support a new project in partnership with Active Schools, where children are identified in the high school catchment who would fall into the category of physical impairments which would preclude them from accessing most local tennis clubs, they will be offered access to this club once the upgrades are complete. The EFSC committee are delighted to support the club get back to tennis and wish them the very best in their future exciting development plans.
